

PRARF

WEEKLY 4-ZONES PROGRAMMER

Wireless radio-wave transmission

Overview

Main features

- Programming of a heating or cooling system.
- Separate control of four different areas in your home
- Manual selection mode can be applied instantly to the 4 zones

Application

- Electric heating devices
- For floor heating/cooling system

Product + points

- **Elegant and innovative design**
- **A large display** improves the readability
- **Ergonomic setting:** ergonomic controls and large-size display.
- **Transmission of orders to receivers** located in the heating devices or to thermostats in order to adapt the temperature level at each day of the week (Comfort or Eco)

Functional specifications

Use

Operating mode	Auto, Comfort, Eco (Economy), Frost protection, Stand by mode (cooling)
Display	Viewing of room temperature, current day, current time, active mode, battery remaining life, and radio-wave transmission.
Holiday Mode	You can program a period of absence from 01 to 99 days during which your home will be protected against freezing.
The programming feature	Copy the programming from a day to another day, from a zone to another zone Temporarily override the program for each zone

Installation

2 mounting options: in a base (on a table), or wall-mounted.

Pairing the receiver with the programmer, verification of the pairing

Wireless transmission by means of radio waves: Reliability, performance, flexibility and modularity

Approved Europe-wide, highly resistant to external sources of interference

Signals can go through walls and ceilings

The wireless aspect means that you can change the lay-out of areas without having to make any changes at all to wiring

Advanced settings

Language	English, French, Italian, German, Dutch Spanish, Finnish, Norwegian, Swedish, Danish
Time and day settings	One touch provides a simple and rapid access to time and date setting
Restore to factory settings	5 secondes minimum to restor factory settings

Technical specifications

Dimensional and finish specifications

Height	160 mm	
Width	77.3 mm	
Depth	29 mm	
Color	White RAL 9016	Grey RAL 9006
Net weight	0.2 Kg	

Power supply

3 1.5V AAA / LR03 alkaline batteries	Battery life approximately 2 years
--------------------------------------	------------------------------------

Weekly 4-Zones programmer

Programming type	Weekly, pre-saved and customizable, hour by hour, on 4 zones independents.
------------------	--

Radio-wave transmission

Frequency	Radio transmitter, frequency 868.3 Mhz. Can be used throughout Europe
Transmission	-Transmission at each programmed status change, mode change, every hour -Transmission every hour when there is no change

Environment

Protection rating	IP20
Class	Class III
Operating temperature	0°C to +40°C
Display temperature range	0°C to +40°C
Storage temperature	-10°C to +50°C
Humidity level	80% at +25°C (without condensation)

Applicable directives

RED	2014/53/EU
RoHS	2011/65/EU
DEEE	2012/19/EU

Applicable standards

Safety	EN62311
Radio	EN300220-2
EMC	EN301489-1 ; EN301489-3
RoHS	EN50581
Manufacturing	On certified site ISO 9001 V2008
